## Just A Few Items Of News

Krebs is a regular Saturday night town.

My but it turned cold Wednesday afternoon.

To be accommodating in one's place of business is no more than what one is paid to do.

Mr. Turner, of Oklahoma City, former editor of this paper, was a Krebs visitor Saturday.

The best noise we have had the pleasure of listening too was when the whistle at the No. 5 mine proclaimed that work had begun.

The weekly review of current events in pictures displayed in the Bank of Krebs window attracts many eyes every day.

## WAS GOOD

Ramona, the magician entertained a fair sized crowd at the High school auditorium last Friday night and kept guessing every minute he was on the stage. He is very clever with his hands and proved to those present that the hand is indeed quicker than the eye.

If we do not give children our best in their childhood, they will give us their worst in their adulthood. The very best time to teach habits is when habits for life are being formed. A kindergarten is an important factor in the proper training of little children, as their time would be saved by preventing the development of criminals, as early training in right habits would turn many a little ruffian into the right path.

## The Best Way To Help Times

If all business that goes out of Krebs annually to the mail order houses were kept right at home, we have no doubt that it would more than compensate for the loss of trade resulting from existing conditions.

After all the largest single item in local prosperity is the retail business. When the merchants are busy all is well in the town, and when they have dull trade, the town is in the dumps.

Can you think of any more practical or more effective way to boost Krebs than to give the local merchants your trade, instead of sending it to parties who are in no way interested in your prosperity nor the prosperity of your town.

There is no moonshine in this sort of boosting; it is the solid, substantial kind that counts.

We have't heard that the mail order houses have ever done anything towards building up Krebs, helping the farmer when he needs help or doing anything towards giving us good roads. All they are doing is killing trade all over the country, and thus killing Krebs and all the little towns, and when you kill the business in your home town what will your property be worth in a few years?

So closely identified with the welfare of the entire community are our retail interests that every dollar which is spent with a local merchant plays a vital part in promoting the general prosperity of the town. The future success of the small cities depends on the merchants.

## BAPTIST CHURCH

Last Thursday night three Deacons were ordained, L. O. Harkin, Bruce Wemble and Earl Westbrook. Rev. G. W. Warren, pastor of the Baptist church at Hartshorn assisted in the counsel. The Y. P. U. is growing, they gave Mrs. Lula Harkins a surprise party Monday night. Mrs. Harkins is President of the Union. Rev. McCully preached at Alderson Wednesday night. The bible study Thursday night is the sixth chapter of Mathews. Preaching Friday night at the Richville mission. We need a Revival in church going, Bible study in Krebs. The best way to be happy is to read, study, pray, go to church, prayer meeting, help some one else, stay at home nights. Neglect Bible reading, prayer, church, your obligations when you can avoid it, then watch yourself get blue, sour, despondent, drift, unstable, out of humor with yourself, family and the world. You can see the other fellows faults and magnify them. If some folks worked to their own interest like they do to the Lord's, they would starve and the world go bankrupt.

## No. 5 Mine Now At Work

A better feeling was manifest among the people here Tuesday when the news went around that mine No. 5 would begin work Wednesday night. This means that 175 men will be given work and that means that a good many dollars will be put into circulation, also a good many families will feel better, in fact the whole community will be benefitted by this one mine being at work.

There is a rumor afloat that No. 8 is to be cleaned and opened, but the rumor may be a small fish story told to some dozen or more.

## KREBS LOST

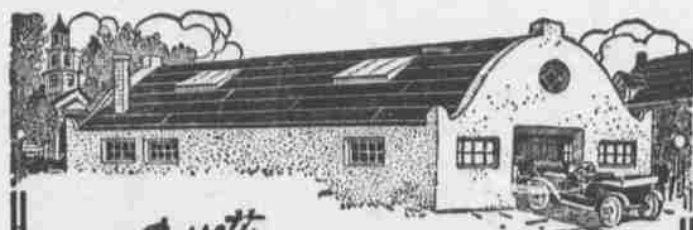

The editor of this paper attended the basket ball game at Mc Alester Wednesday night between the Krebs and Mc Alester High Schools and what we have to say is our own opinion, not that of the Krebs team or coach. When we arrived the game was in progress and our first thought was that we was at a foot ball game, and the longer we remained the more we realized that the Mc Alester team was a good foot ball team as they had our boys on the floor all the time. Score 32 to 5.

## What Does Your Family Think of You?

The real test of a man's religion is how he acts at home. Are you kind, amiable and sweet in your family circle? "Bear ye one another's burdens and so fulfill the law of Christ," is the teaching of Christianity.

We can follow Christ's teachings without going to church, but we thus deny ourselves many opportunities to help others. Help the church exert the influence in the community that it ought. Link your effort with the energies of those who are trying to build up the best things in town. Come to church Sunday.
